ENGAGE. EDUCATE. ADVOCATE.
Florida Clinicians for Climate Action (FCCA) is a coalition of health professionals and health organizations concerned about the impacts of climate change on Florida residents, especially those in vulnerable populations.
How We Work

- **ENGAGE**
- **EDUCATE**
- **ADVOCATE**
ENGAGE

Miami Climate Health & Equity Coalition
We aim to be a collaborative coalition that prioritizes frontline community decision-making

The Medical Society Consortium
2021 Cobb/FCCA
CLIMATE, HEALTH & EQUITY SYMPOSIUM
An One-Day Online CME Program
Advocating for enhanced protections and awareness among vulnerable communities, especially low-income people and pregnant women.

Advocating for Green Harvest to stop the unjust policy of burning sugar and causing “black snow” to fall on communities of color in South Florida.

Advocating for Florida to improve its weak Energy Efficiency goals through the Public Service Commission review of FEECA.

Major Policy Issues
A patient does not have to be a recipient of social security disability benefits or meet Social Security’s definition of disabled to request a reasonable accommodation.

Medical-Legal Partnership
Letter Templates & Instructions

Protecting Climate-Vulnerable Patients

REASONABLE ACCOMMODATIONS IN EDUCATION

REASONABLE ACCOMMODATIONS IN EMPLOYMENT

REASONABLE ACCOMMODATIONS IN HOUSING
Physicians, Nurses, and other Health Professionals,

Health Professionals are key to the solution.
